OnSSI Enhances Focus on Canadian Market with Regional Expert.

Jacquelyn Hall Named as OnSSI Regional Representative for Canada.

Pearl River, NY (March 11, 2010) – Responding to continued market success and customer growth in Canada, On-Net Surveillance Systems, Inc. (OnSSI), the leading VMS vendor in the Americas, today announced the appointment of Jacquelyn Hall as its Regional Representative for Canada. Ms. Hall is located in Toronto, Canada and will be responsible for sales and business development in the Canadian market, reporting to Kevin Bradley, OnSSI’s Director of Sales for North America.

“Jacquelyn demonstrates an energetic personality coupled with a desire to assure outstanding customer satisfaction and deliver advanced solutions knowledge,” said Mr. Bradley. “We are looking forward to her ability to facilitate continued market success

and a high level of customer service, sales and business development to our Canadian market segment.”

Ms. Hall has been a part of the Canadian security market for the past 15 years and has served in regional management positions within the ADT dealership network and with Silent Witness. Most recently, Ms. Hall was employed by LRG North, a manufacturer’s representative firm. Her industry knowledge is focused on the transition of the security industry into IP-based solutions, specializing in video surveillance and integration.

For more information on OnSSI, call 845-732-7900, e-mail info@onssi.com or visit www.onssi.com.

About OnSSI

On-Net Surveillance Systems Inc. offers the industry’s most comprehensive IP video surveillance control and management solution. Ocularis is a unified platform with unprecedented levels of user-intuitiveness, open architecture and scalability. Our clients are able to choose best-of-breed components; combined in any configuration for any size application, enabling all users to realize significant productivity and performance improvements. With core competencies rooted in both the IT and professional security markets, OnSSI's IP solutions deliver substantial value to thousands of installations globally, in public safety, government, enterprise, industrial, and educational settings.
